Globalization brings multi-ethnic people to US, providing us the opportunity to evangelize and disciple these people of multi-ethnic from many nations. Juno's mission field is Silicon Valley's community, neighborhood parks where transient elderlies, young mothers, nannies, toddlers frequent meet and spend their daytime. She conducts outdoor/park worship, Mandarin bible study, English bible study, Children story time... June is a Ph.D. candidate of Western Seminary. Juno envisions her ph.D. thesis, based upon years "park mission" experience, her teaching, and writing to mobilize more christians to this "global local" mission.

*Congratulation! Juno is now Dr. Juno Wang with her completion of Ph.D. degree in 2020 May. We praise God's wonderful hands in guiding her vision, and mission. May God continue to bless her & empower her in His glory and mission.*
